GN6

**Goodbye boredom
Goodbye restrictions
And good riddance
Witness the beauty of nature**

**Feel the pleasure of breaking out of yourself
Release a passion hotter than love
Joyfully participate in life
Master the art of having it all
Don't sit on the sidelines when caught in certain occasion
Don't confine yourself to only one possibility
Don't hold yourself back for the current achievement
Indulge in every possibility
Pamper yourself with all that is good and beautiful
This is where real life is**

Design to look vigorous and grandeur
Witness true style and turn heads as you fly by
Sharp and Elegant Exterior

Vigorous and grander design

Seize the eyes of the world,
showing your style at every
occasion.

Elegance? Dynamism?

Or should we just say "beauty"?

In casual settings

You will look laid back

And appear casually stunning

On every corner in every city People

will turn their heads

But so what?

Your style is already spreading

around the world

The next trend is waiting for you to

start it

Concealed D Pillar and Privacy Glass

Designed with a concealed D pillar and privacy glass, the car chassis combines safety with privacy, effectively reducing the damage and danger of side and rear collisions.

Elegant Eagle Eye Sideview Mirror Design

The aerodynamic curvature of the sideview mirrors reduces drag and noise, while providing eagle eye vision.

All-new Flying Dynamics Frontend Design

The Light-and-Shadow Sculpting 3.0 design gives the car a unique elegance. The stylish grille is echoed in the curves of the vehicle. The wing-the Flying Dynamic design through the grille for a greater sense of motion.

Jumping Dolphin Curvature

Inspired by the motion of swimming dolphins, the aerodynamic curves on the car body give it a slender but stable appearance.

Compact Shark Fin Antenna

The antenna provides powerful reception of FM, GPS, GSM, and other electronic signals. The shark fin design fuses fashion with functionality.

Precision 17-inch Michelin Tires

/ New Style and Elite Appearance

4780mm in length

The GAC GM6 introduces a redefined MPV design. The 4780mm vehicle length and the 2810mm wheelbase gives it an ultra-large capacity. The cutting-edge design gives a new life to the conservative MPV.

/ Dynamic and Avant-Garde LED Lights

LED Headlamps with Matrix Structure

The curved design perfectly accentuates the front grille. Built-in ALS inductive automatic lights functions can automatically adjust the irradiation height according to the driving state of the vehicle to ensure driving safety.

Connected LED Taillights

Drawing on a jewel inlay design, the 230-diode LED lights provide true illumination. The tricolor injection molding process ensures unique and superior light quality.

Airfoil LED Fog Lights

Based on an airfoil design, the fog lights have simple lines and a rich sense of depth. This reinforces the powerful impression of the front end.

Wing-shape LED Daytime Running Lamps

The LED light matrix is designed with three lights of decreasing size. The form is perfectly integrated with the front grille, for an exquisitely tasteful appearance.

Welcome each step in your journey, knowing more beautiful stories are right around the bend

Sitting? Lying down? Or doing yoga?

Adjust yourself any way to find the most comfortable posture

Of course, if you want to

You can even have a meeting in here

Kick off a party to enjoy a fun time

You can think of it as a bedroom

It is your own personal mobile hotel

With enough space, wide seat spacing, and a stunning interior

It is the perfect settings for some great stories

Super spacious interior
Combining space and style, you can enjoy a full range of movement
Super Spacious Interior

Super spacious interior

/ Experience More Space

1860mm 7 Seat Design

The 1860mm ultra-wide layout easily accommodates seven seats, making this the perfect car for road trips with your friends.

Electric 6-way Adjustable Driver's Seat

The "zero pressure sensing" driver's seat is equipped with a 6-way control for ease of adjustment. The spacious interior gives you the freedom to move in all directions.

Smart Home-style Interior Design

Only the best preparation could make a life refinement. We introduce the new elegant home-style and glamorous light luxury theme for your car interior design, along with our built-in lighting and audio device, to ensure every driver and passenger could enjoy a dual experience of futuristic scientific and technological sense and warm family atmosphere.

Smart Independent AC + Pure Forest Air

The smart dual-zone automatic AC allows each row to control their own temperature. The car is equipped with AQS, negative ion purification, and PM2.5 filtration to quickly eliminate particulates and odors and provide a forest-fresh environment.

/ Experience More Space

Exquisite Piano Key Style Buttons
The console buttons take the form of piano keys, combining a friendly tactile experience with elegant texture. The driver enjoys a VIP experience, with more convenient control.

Concealed Storage Design

The open-style operations and personalized concealed storage design let you easily store your phone, wallet, coffee mug, and whatever other items you have with you.

Ample, Soft, and Environmental Door Trim

The door trim is constructed from carefully-selected soft and environmentally-friendly material, creating the perfect fusion of nature and modernity, fashion and dynamism.

Leather Multi-function Steering Wheel

The car is equipped with a genuine leather multi-function steering wheel for a more refined sense of control. The center console adopts a fighter cockpit wraparound design, putting all controls within easy reach of the driver.

/ Spacious and Luxurious Second Row

190mm ultra-wide second row corridor

The industry-leading 190mm ultra-wide second row corridor makes for easy communication between the second and third row passengers. Passengers can enter and exit with ease and comfort.

Full-size Panoramic Sunroof

The luxurious super-size panoramic sunroof is manufactured by the international brand Aisin. It provides an unobstructed and thrilling visual experience.

Panoramic Sunroof Button

The sophisticated panoramic sunroof button works with one touch and provides a no-pinch feature. You can experience nature in an instant.

360° NVH Quiet Space + Smart Home Style Interior

The 360° quiet car technology puts the comfort of the driver first. The smart home style interior design gives passengers a high-tech and cozy riding experience.

Ergonomic Leather Seats

The ergonomic, perfect-fit seat design uses carefully selected Australian cowhide and sleeper-style headrests for the most comfortable experience. The armrest can be adjusted to four positions, and passengers enjoy a maximum leg space of nearly one meter. The design reduces the impact of uneven roads and is suitable for quiet and safe children's seats.

/ Flexible and Free Third Row

1100L Ultra-large Magic Luggage Space

Flexibly adjust the third-row and trunk space. Flip the third row under the floor to expand the trunk space so it can fit fourteen 20-inch bags. Enjoy extraordinary versatility.

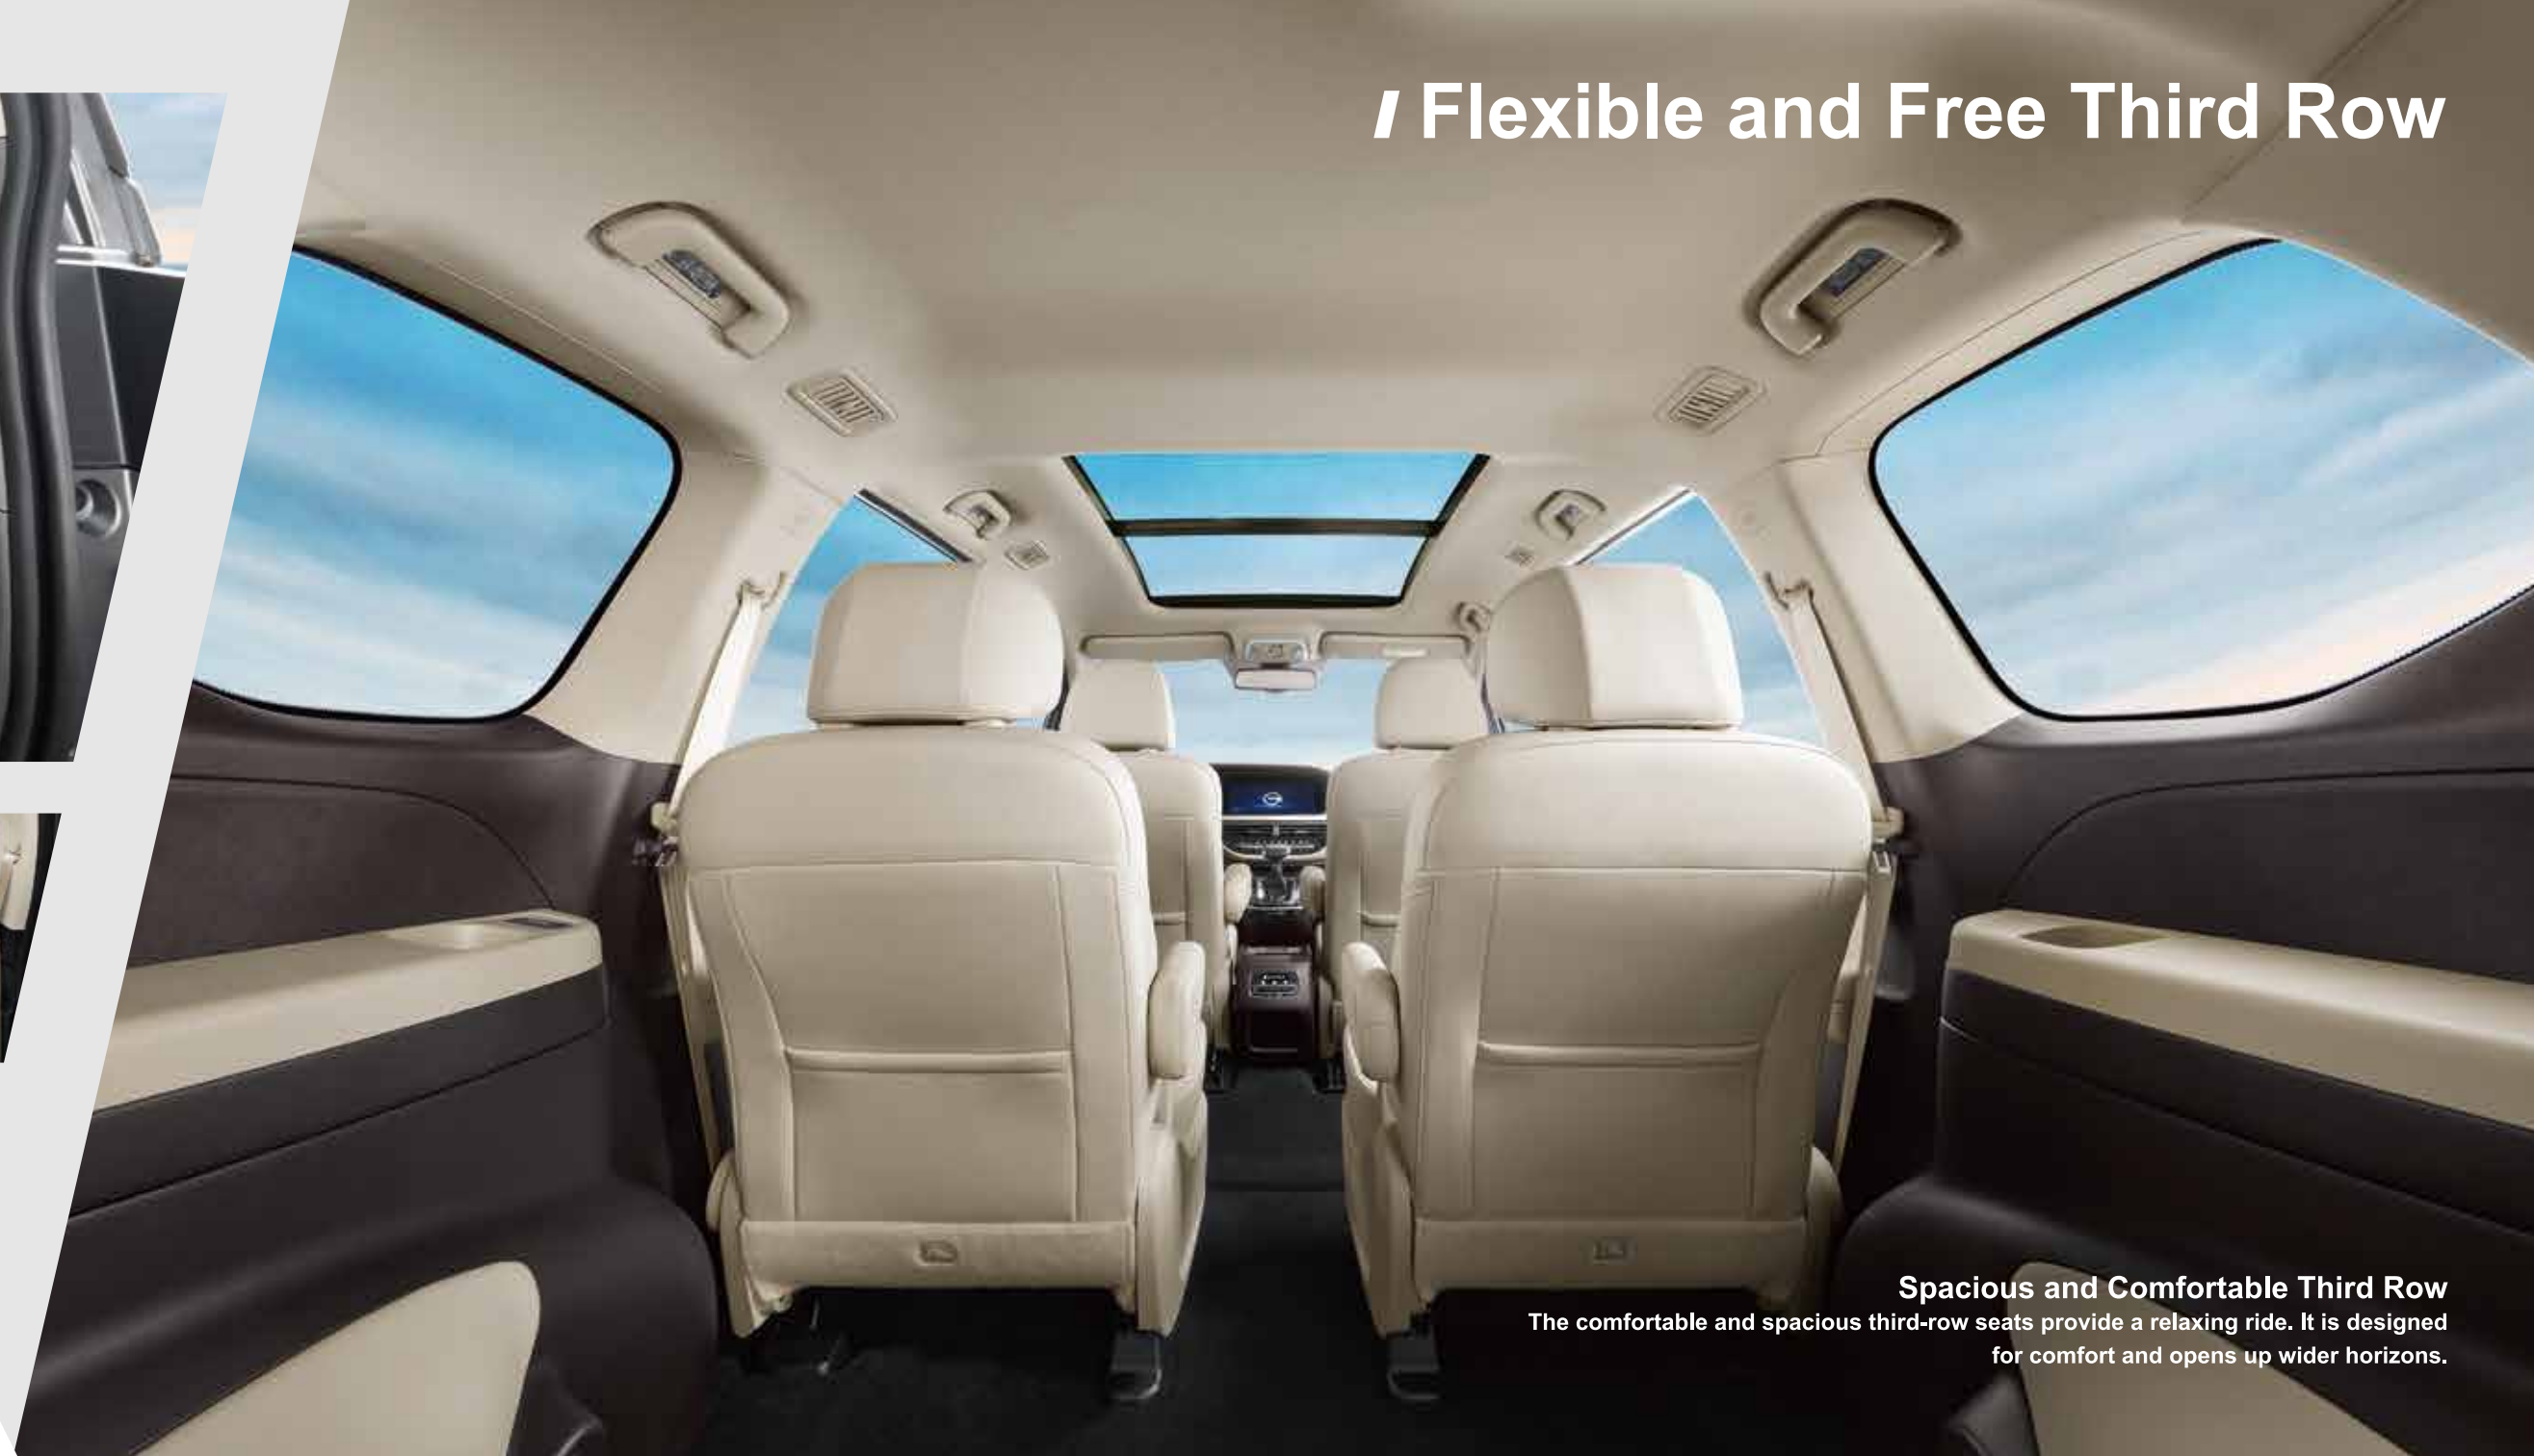

Adaptable Third-row Seats

Change the seat position as needed, while enjoying the same comfort and convenience. The seats are designed for the human body, with a personalized 4/6 seat layout. The perfect tilt provides leg support and comfort to the highest degree.

324L Dedicated Trunk Space

Even with seven seats, you still get 324L in luggage space, enough for four 20-inch bags. This lets you accommodate both passengers and luggage.

Spacious and Comfortable Third Row

The comfortable and spacious third-row seats provide a relaxing ride. It is designed for comfort and opens up wider horizons.

Advanced Technology Provides Smart Driving Control

A new relationship of drivers and cars, Bringing ever more surprises to your life

Convenient button controls?

Even more?

You have to see it to believe it

Remote control lights and music

Three-screen interconnection for uninterrupted instrument, navigation, and entertainment display

Simplified technology for a better understanding of your needs

Drivers and passengers will come to love the car

The road is full of surprises and draws you forward

Safe and comfortable driving

Seeing the world has never been so comfy
Safe and comfortable driving

Stay Curious, go find the
world's beauty

Forward, right, or not follow the
navigation?

The unexpected is always better than
following the rules

Fly with your friends like a flock of birds
Go to the park for the day and come
back a poet

A novel sensation from constantly trying
new things

Always feel safe and comfortable

Go out, go anywhere, go in your own
way

/ Technology Keeps Us Moving Forward

L-type McPherson Independent Front Suspension + twisting beam rear suspension

Exquisite craftsmanship delivers a comfortable and stable ride. The L-type McPherson Independent Front Suspension gives you excellent comfort and perception of road. The high rigid twisting beam rear suspension with excellent performance can effectively suppress high-frequency vibration and improve vehicle driving comfort.

Aisin 6-speed Automatic Transmission

The all-new 6-speed automatic transmission features self-learning and adaptive smart control functions, along with a "neutral control" function. It gives you all the power you need to get out on the road.

Engine Start/Stop Button

Third-gen Ti POWER Smart Engine

Superior power is the only way forward. The all-new 270T engine. It combines world-leading in-cylinder direct injection and turbocharging technology to provide high power and better fuel economy.

GCCS Combustion Control System

The GCCS combustion control technology patented by GAC significantly increases combustion efficiency.

GDI Multi-point Direct Injection Technology

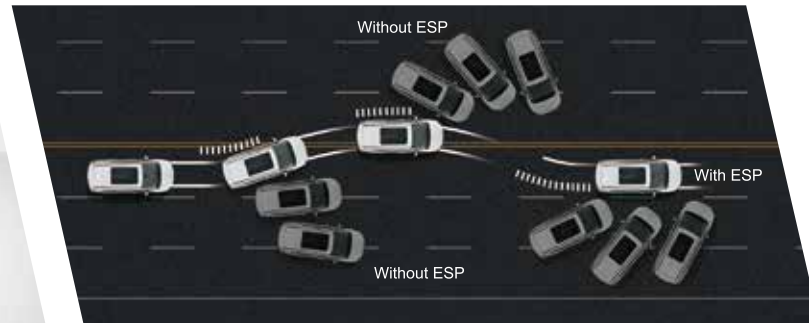

Using Bosch 200bar in-cylinder direct injection technology, three injections are performed in each cycle. This increases combustion efficiency and accelerates ignition.

/ Safe and Enjoyable Environment

High-strength Safe Chassis

With the GAC high-strength chassis design, 95% of the cabin uses high-strength steel. The intrusion prevention doors are far superior to international standards. The car does all it can to protect those inside.

Bosch ESP 9.3

Fast and accurate stabilization has never been so simple. With Bosch's latest ESP 9.3, the ESP is actively and safely engaged, with a response speed faster than the previous version. The 14-in-1 active safety system provides HHC uphill assistance, HDC downhill assistance, and other functions.

EPB + Auto Hold

The advanced electric parking brake system provides an auto braking response in 0.1 seconds and 10-minute ramp parking hold time. Even in extreme environments of -40°C, the car performs automatic hydraulic pressure compensation to improve braking performance.

360° Panoramic Backup Camera

The cabin adopts a five-star safety design, while the center console shows four camera angles and a 360° aerial view. It provides visual lane-change assistance unique in its class, giving drivers greater self confidence and making it easier to park.

Tire Pressure Monitoring System (TPMS)

The direct sensors allow the on-board computer to display the tire pressure and temperature in real time. It warns of abnormal pressure readings, leaks, and other events to prevent accidents before they happen and extend the life of your tires.

Comprehensive safety protection

The car is equipped with 6 full-coverage air bags and pretensioner and locking seat belts. The pretensioner, load-limiting seat belts in the front seats and pretensioner, load-limiting seatbelts in the second row provide complete safety on the road.
